

FRESH-AIRE™

The Original

BLUE-TUBE UV™

Patent Pending

The Simple Choice in UV!

Features

- Simple installation
- Weather resistant remote mountable UV lamps with "Z" mounting bracket
- Extended range power supply mounts inside control panel
- 4 lamp models to choose from
- Five to ten year power supply warranty

Benefits

- Provides a healthier living environment for your family
- Kills mold, bacteria, and viruses where they lurk
- Reduces system maintenance
- Reduces household odors

High and Low Voltage Options

Blue-Tube UV™ is now available with a high or low-voltage power supply. Low-Voltage models feature exclusive **Extended Range (ER)** technology which eliminates low voltage problems associated with variable speed air handlers and fluctuating or over voltage issues.

Optional 2 Year Lamp

Max Life Lamps incorporate a shielded design which provides stable lamp operation in cold moist environments. And by enhancing the lamp's filament technologies we are able to **extend lamp life-spans** for as long as **two years** or more.

Magnetic "Z" Bracket for Easier Installation

Installation of Blue-Tube UV™ has never been easier! Our revolutionary new **Magnetic "Z" Bracket** eliminates the need for drilling, precise measuring, and fumbling with small screws in the tight confines of the air handler - in fact no tools are required at all to install the bracket!

Dual Lamp Systems Available

Available with:

Odor Control Option

Blue-Tube UV™ lamps equipped with **OST® Odor Sanitizing Technology** emit UV light at two different frequencies which break down odor causing molecules and kill germs.

The Original Blue-Tube UV™ germicidal ultraviolet light system now comes in several varieties to suit all application needs!
